McKinley Will Attend.
NEW YORK, March 27.—President McKinley will attend the ceremonies at the dedication of the monument to General Grant on April 27. He will view the parade and will also deliver an address. General Horace Porter, who has just returned from Washington where he had an interview with the president, made the announcement yesterday.

Objectionable to Fruit Importers.
NEW YORK, March 27.—A number of prominent fruit importers met at the importers' fruit exchange yesterday to consider the proposed new tariff on imported fruits which is considered objectionable. The meeting was held behind closed doors and at its conclusion it was announced that a committee had been appointed to look after the importers' interests at Washington.

State Board of Health.
INDIANAPOLIS, March 27.—The governor, state auditor and secretary of state have named Drs. Henry Jameson of this city and E. O. Laughlin of Orleans, to succeed Drs. Whitesides of Franklin and Ramsey of Mount Vernon on the state board of health. Dr. J. N. Hurty of this city, it is thought, will be continued as secretary.

Dr. Luiz Will Be Sentenced Monday.
BALTIMORE, March 27.—Judge Morris announced yesterday that he would sentence Dr. Luiz, the convicted filibuster, Monday. The penalty is a fine not exceeding \$3,000 and imprisonment for not more than three years. Dr. Luiz is a finished scholar and a sensitive, high-strung man and prison life will prove very irksome to him.

Don't Recognize the People's Party.
CHICAGO, March 27.—The election board Tuesday decided that the People's party in this city is not a party under the law and refused to place all the nominees of that party on the official ballot. The People's party indorsed in convention the regular Democratic candidates for the city and town offices.

Will Withdraw From the Concert.
CONSTANTINOPLE, March 27.—It was asserted here last night on what is regarded as reliable authority, that in consequence of the refusal of Lord Salisbury to join in a blockade of Greek ports, Germany has given notice to the powers of her intention to withdraw from the concert.

NEWS IN BRIEF.
The mills at Manchester are making large quantities of cotton goods for the Chinese trade.
The picked orators of Yale defeated Harvard at Cambridge, Mass., in a joint debate Friday night.
News reached Victoria, B. C., Friday that the steamer Willa and Dora had been wrecked on the Alaskan coast.
Harry K. Chenoweth of Arizona was Friday confirmed by the senate as collector of customs for the district of Arizona.
The Baltimore penitentiary was divided into nine and played a game of ball at Macon, Ga., Friday. Regulars, 29; reserves, 4.
The Surety Building and Loan Association of Philadelphia made an assignment Friday for the benefit of creditors. Liabilities about \$65,000; assets \$10,000.
A Cape Town dispatch says there are 700 men of the British fleet, now at Simonstown, suffering from malarial fever, contracted during the recent expedition to Zululand.

BLOWN INTO ATOMS

Explosion of Nitro-Glycerine at the Dupont Chemical Works.

THREE KILLED AND TEN INJURED

Buildings Totally Destroyed and a Hole Eighty Feet Long and Twenty-Five Wide Torn in the Ground—Concussion Felt For Miles—Plasterer Three-Quarters of a Mile Away Thrown From a Scaffold.

GIBBSTOWN, N. J., March 27.—Three men were blown to atoms and 10 other persons injured by an explosion of nitro-glycerine at the Dupont chemical works near this city last yesterday.

The dead are:
JAMES HAMILTON, aged 30 years, Paulsboro, N. J.
CHARLES WRIGHT, aged 25 years, Paulsboro, N. J.
J. T. STILES, aged 38 years, Paulsboro, N. J. All were married.

The injured are:
John Langford.
William Greenleaf.
William Tussay.
John Jefferson.
Peter Fellman.
John Williams.
Joseph Donnelly.
Charles Madeira.
Lizzie McGinnis.
Emma Bates, all of Gibbstown.

All the dead and injured were employed in the works, the women in the caskhouse. Most of the workmen were not at their posts or the loss of life would probably have been greater. The concussion was felt for miles around and a plasterer at work on a scaffolding three quarters of a mile away was thrown off. After the excitement had subsided guards were posted and outsiders excluded. Meanwhile a corps of men was put to work among the ruins and after much search, the mutilated remains of the three victims were gathered into two buckets.

Identifying the Remains.
Wright was identified by a ring on one of the fingers, and Stiles by his shoulders, from which the head as well as the lower part of the body had been torn. Physicians from Gibbstown and the vicinity looked to the injured, the majority of whom were cut about the head and face by flying glass.

The explosion was of such terrific force that, besides totally destroying the two houses, it tore a hole fully 80 feet long and 25 feet wide in the ground upon which they stood. The cause is assigned to excessively high temperature in one of the houses, quantities of the explosive being in both at times. The company manufactures dynamite, which necessitates the handling of nitro-glycerine, wood pulp and nitrate of soda. Its plant covers 600 acres, and in consequence of the character of the work carried on is almost completely isolated from any habitation. On March 24, 1884, an explosion occurred by which nearly the entire plant was destroyed and six men were killed, among whom Leimet Dupont, president of the company. He was the second of that family to meet death at the works, the first being Irene Dupont, who was killed 25 years ago.

LANDED SAFELY.

Filibustering Expedition From Punta Gorda Was a Success.
TAMPA, Fla., March 27.—Colonel Figueroa, the Florida delegate of the Cuban junta, has received information that the expedition which sailed from Punta Gorda last Friday night has landed safely on the northern coast of Cuba.

Spanish troops under General Molina lately destroyed the sugar estate "Carmen," belonging to Alfredo Hernandez, at Sabinilla, Matanzas province. His residence, machinery and crop, and a summer house near Matanzas were wrecked. Hernandez is an American citizen, and through his attorneys, Conder Bros. of New York, will file a claim for damages against Spain with the state department for \$200,000.

Cesar Esquerro Montero, an American, born at Key West, but not being able to speak English, was placed under arrest 18 days ago. He has finally been set at liberty and though not compelled to leave the island, he intends to do so at an early date.

It is understood that the American state department is trying to ascertain the whereabouts of Thomas W. Steeps, the newspaper correspondent. The civil authorities deny any knowledge as to his movements. It is not known whether he has been arrested or captured.

**Your
Vitality?**

The essence of life is force. Every breath you breathe, every heart beat, every motion of your hand, takes force. The measure of force we call vitality. If this is lacking, there is loss of flesh, lack of resistive power, a tendency to catch disease easily, especially a tendency to Consumption. For low vitality nothing is better than Scott's Emulsion. It supplies force by furnishing the nourishing, strengthening elements of food in an easily digested form; enriches the blood, and builds up the system. When ordinary food is of no avail, Scott's Emulsion will supply the body with all the vital elements of life.

Two sizes, 50 cts. and \$1.00. All druggists.

If you will ask for it we will send you a book telling you all about Scott's Emulsion. Free.

SCOTT & BOWNE, New York.

FREIGHT WRECK.

Baltimore and Ohio Southwestern Tumbles Down an Embankment.

COLD SPRINGS, Ind., March 27.—Late yesterday a Baltimore and Ohio Southwestern freight train ran on a broken rail here and all the cars tumbled over the embankment. The engineer of the front engine, Peter Adrick, 39, married, of Seymour, Ind., was caught trying to jump and his leg was broken in two places. He is supposed to be internally injured. The freight was heavily laden and two engines were attached.

Will Bring the Remains Home.

MARSAUGA, Nicaragua, March 27.—United States Minister Lewis Baker is about to start for the United States via San Francisco with the remains of the late United States consul, Hiram Lott, who died here June 6, 1895, and was buried with military honors in the Mangra cemetery. The remains will be removed at the expense of the United States government.

Elizabeth Stilson Dead.

NEW YORK, March 27.—Mrs. Elizabeth Stilson is dead at Flatbush, L. I., of pneumonia, aged 75 years. Mrs. Stilson went to Ohio when a girl, and at Clyde, O., became celebrated in the early days of the civil war by her activity in assisting to equip union troops with clothing, etc.

George Fanning Dead.

KANKAKEE, Ill., March 27.—George Fanning is dead here aged 85. He left an estate valued at \$100,000.

EARTHQUAKE SHOCK.

Montreal Gets Another Shaking Up—People Frightened.

MONTREAL, March 27.—At 12:30 this morning another severe shock of earthquake was felt in Montreal which lasted 12 seconds. It was fully as severe as the shock felt on Tuesday evening last, and was accompanied by a series of noises like an explosion. The most substantial buildings in the city were shaken and the employees ran out of the newspaper offices and the postoffice in a fright.

CONDITION OF TRADE.

Bradstreets Says Unfavorable Influences Are More Numerous Than Otherwise.

NEW YORK, March 27.—Bradstreets today says while the week is not without favorable features, unfavorable influences have been more numerous. Leading money markets show no improvement. Mercantile collections continue slow, as heretofore, and the volume of funds offered is in excess of the demand for discounts. The tendency of investments to improve has temporarily disappeared under the influence of the supreme court "anti-trust decision," which apparently threatens arrangements for the maintenance of railway rates, as well as railway trades union activity, so far as it may affect interstate commerce.

The tendency of prices is downward, quotations being lower for wheat, Indian corn, oats, coffee, cotton and for pig iron and steel billets, on the outlook for lower prices ore. Staples for which prices are higher include wool, raw sugar, wheat flour, petroleum, linseed oil and turpentine. Stormy weather, high water and floods in the Ohio, Mississippi and Missouri river valleys and in the country drained by tributary streams have interfered with interior trade. The gradual increase in the number of industrial strikes is the outcome of a movement to secure higher wages, that in instances moderate advances have been obtained. Recent activity in raw wool continues, and the prospect for an increased tariff on imported woolsens causes merchants to purchase American goods more freely. The movement of cottons is not up to expectations and in some lines is disappointing. The most noticeable improvement in trade is confined to dry goods, hardware, leather, agricultural implements and shoes.

INDEPENDENT ACTION.

Railroads Have Commenced Making Passenger and Freight Rates.

CHICAGO, March 27.—Already the western roads are beginning to take independent action on rate matters, although there has not yet been any official notice of the dissolution of any of the traffic organizations.

The Chicago, Milwaukee and St. Paul has announced an open one-way rate from Chicago to points in Minnesota and North Dakota, also to points on the Hastings and Dakota division and north thereof. The individual ticket rate is \$14 for 10 or more traveling together \$12.50. These rates are the regular Chicago-St. Paul charges added to a rate of \$2.50 made by the lines out of St. Paul. Tickets will be sold here March 30 and 31 and April 6. The Chicago and Great Western celebrated its severance from the Western Freight association by applying the 35 per cent reduction recently made on shipments from Atlantic seaboard points to St. Paul to all business originating east of the Indiana and Illinois state lines. This practically establishes a 40-cent basis, first class, from Chicago to St. Paul.

Rev. Swallow's Charges.

HARRISBURG, Pa., March 27.—Rev. Dr. Silas C. Swallow, editor of the Pennsylvania Methodist, who was yesterday convicted of libeling Captain John C. Delaney, superintendent of public buildings and grounds, last night addressed an open letter to Governor Hastings in which he says: "I state what I know when I write that state property is to be found in the homes of politicians, judges, lawyers, state and national officials, otherwise reputable people in all grades of life."

Going Home to Fight Turkey.

NEW YORK, March 27.—On board the French line steamship Champagne which sailed today for Europe were 150 Greeks who are going home to fight against Turkey if called on. They were given an enthusiastic farewell by their compatriots in this city. They assembled last night at the Parthenon restaurant where Rev. Father Agathodoris, in full vestments, repeated the ancient Greek war prayer.

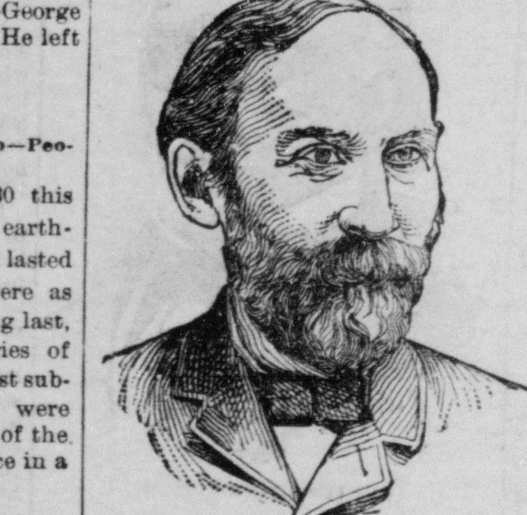

WORK ON TARIFF BILL

Four Amendments Adopted by the House to the Dingley Bill.

STRICT PARTY LINES DRAWN

All Changes Asked by Democrats Rejected—Senator Gallinger Again Attacks the Civil Service Rules—First Assistant Postmaster General Heath's Ruling on Offensive Partisanship.

WASHINGTON, March 27.—The tariff bill was thrown open for amendment under the 5-minute rule in the house yesterday, but seven weary hours of work only served to dispose of nine of the 162 pages of the bill. All the amendments offered by the Democrats were rejected. Three slight committee amendments were adopted and also an amendment offered by Mr. Mahany (Rep., N. Y.), to increase the duty on white lead from 2½ to 3 cents per pound, the rate in the act of 1890. The present duty is 1½ cents. Mr. Mahany said the increase was asked for by a concern

HON. NELSON DINGLEY.

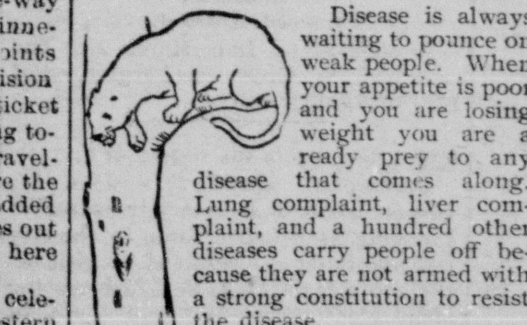

which was independent of the lead trust. It was adopted by a strict party vote. The discussion covered a wide range of political topics and at times was both interesting and exciting.

By far the most important feature of the day was the attempt of Mr. Dockery of Missouri, Mr. Cooper of Texas and others, backed up by the entire opposition, to secure a vote on an amendment, offered in a multitude of forms, which provided that in case any article made dutiable by the bill was controlled by a trust or combination the duty upon such article should be suspended. Mr. Dingley made the point of order that the amendment was not germane to the dutiable list and would not be in order until the free list was reached. For almost three hours this point of order was fought over and made the subject of criminations and recriminations. The Democrats contended that if the amendment was ruled out it would never be voted upon, as the free list, in all human probability, would not be reached before the final vote was taken. The chair sustained the point of order. An appeal was taken, but the chair was sustained by a strict party vote—158 to 104.

In the Senate.

Another brief discussion of the civil service occurred during the opening session of the senate yesterday. Mr. Gallinger (Rep., N. H.) presented several forms issued by the civil service commission to substantiate his recent statement that certain applicants for office were required to hop on one foot for 12 feet. He said his statement had been challenged by several penny-a-liners and by one member of the civil service commission. The senator read the "hopping" provision and several other questions as to the weight and height of typesetters which he characterized as absurd. Referring to the size and weight requirement Mr. Gallinger said: "Phil Sheridan could not have served the government if the civil service commission had got at him." Matter was referred to the civil service committee.

Owing to the public demand for copies of a recent decision of the supreme court sustaining the antitrust law as applicable to railroads, it was determined to print the majority and

Disease is always waiting to pounce on weak people. When your appetite is poor and you are losing weight you are a ready prey to any disease that comes along. Lung complaint, liver complaint, and a hundred other diseases carry people off because they are not armed with a strong constitution to resist the disease. If you are not in prime, robust condition you will get an immense amount of help from Doctor Pierce's Golden Medical Discovery. It builds up the constitution by giving fresh vitality to the blood; it aids the digestive and blood-making organs to produce an abundance of the rich, red corpuscles which vitalize the circulation and create healthy tissue, solid muscular flesh, strong nerves, and sturdy energy.

Sidney Bergestra, Esq., of Clear Lake, Duell Co., So. Dak., writes: "Last spring I was taken sick with a very bad attack of La Grippe, and had awful pains in my lungs and breast, with a bad cough. My doctor's medicine gave me no relief, and when I set up for five minutes I wanted to lie down again. My wife got very much discouraged and said she would try Dr. Pierce's Golden Medical Discovery; so I took two bottles. When I had taken half-a-bottle the pain began to leave, and after taking two bottles of it I felt like a new man, and could do my own work again. I can fully recommend your medicine, and must say it will do what it is said to do."

PIERCE'S When the bowels are constipated, Doctor Pierce's Pleasant Pellets will set them right in a natural way; comfortably, but thoroughly. These little "Pellets" mildly stimulate the liver, and cure biliousness. They are purely vegetable and perfectly harmless. No other pill acts so naturally and effectively. **PELLETS.**

ROYAL
The absolutely pure
BAKING POWDER.
ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it assures you against alum and all forms of adulteration that go with the cheap brands.
ROYAL BAKING POWDER CO., NEW YORK.

minority opinions as a senate document. A protest was presented from the Michigan legislature against the executive order consolidating pension agencies.

DISAPPOINTING RULING.

First Assistant Postmaster General Heath on Offensive Partisanship.

WASHINGTON, March 27.—Another factor in the policy of the postoffice department has been announced by First Assistant Postmaster General Heath. It is that offensive partisanship will not be considered provocation for removal unless such action is shown to have been detrimental to the administration of the postal service. Fully half a dozen of such charges were made to Acting Postmaster General Heath yesterday, including the offices at Hastings, Neb., where Senator Thurston made complaint, and at Ashland, Ills. Every case, however, lacked the essential requirement of specification of damage to the service.

ANNEXATION OF HAWAII.

Minister Hatch Discusses the Question With McKinley and Sherman.

WASHINGTON, March 27.—Messrs. Hatch and Smith have seen President McKinley and Secretary of State Sherman in regard to the question of annexation of Hawaii and presented to them arguments in its favor. They decline to discuss the attitude of the president or his premier on the subject, except to say that the situation is encouraging. Everything, said Minister Hatch, is as yet in a tentative shape and nothing formal has been done. Attorney General Smith who has been in the city several weeks will start next week on his return to the islands.

Fire at Auburn, Ills.

AUBURN, Ills., March 27.—A fire here consumed the drug store of C. H. Wineman, Bunting & Spencer's barber shop, the Auburn Grange store, W. H. Hummel's building on the north and Shutt & Hines restaurant on the south. The two remaining buildings in the block were saved, but the stocks were damaged. Loss, \$11,400; insurance, \$10,300.

Asphyxiated in a Tunnel.

LEADVILLE, Col., March 27.—E. E. Jenson, superintendent of construction of the Western Union Telegraph company, was asphyxiated at the Bask tunnel yesterday where he was superintending some wire repairs. Deceased was 60 years of age and a resident of Omaha.

Detailed For Duty at Culver, Ind.

WASHINGTON, March 27.—Captain John Q. Adams, U. S. A., has been detailed for duty as professor of military science at Culver, (Ind.) Military academy.

CENTRAL STATES NEWS.

Woodford county, Ills., is to have a new courthouse costing \$58,100.

Henry C. Frazier of Whitesburg, Ky., has been held for murder in first degree without bond for killing Eli Ison.

Lurene Ison, only 4 years old, of Hagerstown, Ind., is a dainty seamstress, which comes to her as a natural gift.

Governor Turner has appointed J. Fred Wilcox of Joliet a member of the Illinois commission for the Tennessee centennial exposition.

A jury at Marion, O., gave William Wood a verdict for \$6,800 against the Big Four railway. Woods had his foot taken off by a train.

The 4-year-old child of Giles Braington of Martinsburg, Ky., fell into a kettle of boiling soap and was literally cooked before it could be rescued.

Benjamin Covert of Crothersville, Ind., while working on a bridge spanning the Muscatuck river accidentally fell into the water and was drowned.

D. F. Miller of Pemberton, O., has been arrested, charged with forging H. W. Denning's name to secure witness fees of the county clerk.

Rev. J. H. Bomberger of Columbiana, O., has been called to the chair of homiletics and sociology in Heidelberg Theological seminary at Tiffin, O.

City auditor of Lexington, Ky., has refused to pay Councilman James H. Staples his salary because he absented himself from meetings since November.

William Tanner, alias John Riley, convicted of forgery at Brazil, Ind., and sentenced to prison, made a confession which exonerated Thomas Lynch, similarly charged, and Lynch was released.

Ditchdiggers near Knox, Ind., unearthed 10 human skeletons, evidently lying underneath the surface for a half century and more. The bones were those of white persons, probably the victims of Indian raids in the early days.

Examination of the bones of John B. Reeder, ex-recorder of Tipton county, Ind., show a shortage of \$1,000. Mr. Reeder has \$1,000 in fees coming to him under a recent decision of the supreme court, which will cover the alleged shortage.

Weather.

Indiana and Illinois—Generally fair, slightly warmer in northern portion. Ohio—Partly cloudy weather; light flurries of snow along the lakes.

DANGER! Few appreciate the Danger to which the Expectant Mother is exposed and the foreboding with which she looks forward to the hour of woman's severest trial.

Mother's Friend

so assists Nature that the change goes forward in an easy manner, without the violent protest of Nausea, Headache, etc. Gloomy forebodings yield to hopeful anticipations, she passes through the ordeal quickly and with little pain, is left strong to joyously perform the high and holy duties now devolved upon her, and the time of recovery shortened.

BROKEN RAIL.

Causes a Freight Wreck—Engine Broken Seriously Injured.

A special to the Enquirer from Lawrenceburg has the following to say about the freight wreck at Cold Springs yesterday forenoon:

"A heavy laden freight train on the B & O S. W. road going west struck a broken rail near Cold Springs station this afternoon and the engine and four cars were derailed. Two engines were being used to get the heavily loaded cars up the long grade at this point, but the front engine only left the rails. The cars were loaded with a variety of goods and the four that were wrecked scattered their contents at the bottom of embankment, over which they were hurled.

"Peter E. Brick, the engineer on the front engine, sustained a compound fracture of the leg and several severe cuts and bruises. Internal injuries are apprehended. He was removed to the Bates Street Hospital, Cincinnati. The fireman leaped from the careening engine and escaped with slight injuries.

"A tramp giving the name of Joseph Heron, Chicago, was cut and bruised, but no bones broken. One of the brakemen went over the embankment with the derailed cars, yet crawled out of the debris of the wreck almost unharmed."

Take laxative Broom Quinine Tablets. All druggists refund the money if it fails. 25c.

BORN.

A daughter was born to L. E. Thompson and wife, Friday, March 26, 1897.

A son was born to Ben Bowman and wife, Saturday, March 27, 1897.

A daughter was born G. H. Farber, and wife, Saturday, March 27, 1897.

Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for a lagrippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

Go to the Gold Mine next Monday, Tuesday or Wednesday, the dates of their grand spring opening, and see the novelties purchased for their spring trade. Select what you want early.

Crothersville Man's Apology.

The Crothersville Commercial this week apologizes for being short on news and promises that "if subscribers will bar with us a short time we will try to make a deficiency of local news in the near future."

Want the Bloodhounds.

W. A. Carter received a telegram from Indianapolis this afternoon to come on first train with his bloodhounds, to hunt down law breakers.

A McKinley Cat.

The children of Chas. H. Spray own a cat which is quite a pet in the family. It is known as "William McKinley Spray." This afternoon the children took "William" down to Rogers' photographic gallery and had his picture taken. He was a little frisky but behaved much better than the average cat.

POLITICAL BREVITIES.

Andrew D. White, of New York, will probably be chosen ambassador to Berlin.

Series "L."

The Cooperative Building and Loan Association will open series "L" of its stock Monday April 5. This provides a safe and a profitable investment where you can save any amount from 25 cents per week up. There is no danger of loss as all money is invested here at home on first mortgage security. The terms offered by this association are especially favorable to the laboring man who can save only a small amount each week. For particulars see

Ph. WILHELM, Sec'y.

The local freight train from the west due here at 3 o'clock last evening came in this morning, thirteen hours late.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever sores, Tetter, Chapped hands, Chilblains, Corns, and all Skin Eruptions. Positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per bottle. For sale by W. F. Peter.

Wright's Celery Tea cures constipation, sick headaches. 25c at druggists.

PERSONALS.

W. F. Peter is home from a pleasant stay at Indianapolis.

Mrs. W. F. Ziegenberger went this morning to Indianapolis.

Mrs. Mike Fox went this morning to Cincinnati to visit friends.

Mrs. C. A. Powell came here today from Richmond to visit friends.

Miss May Bozell went to Columbus this morning to visit her parents.

W. B. Miller, of Evansville, was here yesterday to visit a short time with friends.

Miss Anna Dixon returned yesterday to Deputy from a pleasant visit to Mrs. D. A. Johnson.

Miss Pearl Boyd has returned to North Vernon after an interesting visit to her sister, Mrs. Frank Wolfe.

Mrs. Fred Stunkle and daughter Geneva went today to Vallonia to visit Henry Fialar, father of the former, and family.

H. B. Warren and Miss Julia Warren, of New Albany, came here this morning to spend Sunday with friends and relatives.

Mrs. V. S. Beem, of Medora, and Mrs. O. S. Cole, of Mitchell, are visiting Mrs. R. W. Irwin, daughter of the former and aunt of the latter.

Ira Thompson, of Cedar Vale, Kansas, having been here on a visit to his cousin, Mrs. B. Davis, and family left for home this morning.

John Bishop, of Grassy Fork and Mrs. John Winhost, of Dudleytown, left this morning for Evansville to attend the funeral of their sister, Mrs. Mary Ellerman.

S. V. Harding and wife arrived home last night from their bridal trip in the South. The weather down there is so warm said Mr. Harding that he had no use for an overcoat and the weather here is a decided contrast. Their trip was pleasant throughout.

AFFLICTED.

W. P. Rooney, is still confined to his home with the grip.

Mrs. Peter Edick went last evening to see her husband who was seriously injured yesterday by his engine 213, turning over near Cold Springs, pulling through freight 51.

The Gold Mine has the largest and most carefully selected stock of dress goods ever brought to Seymour. Attend their spring opening next Monday Tuesday and Wednesday.

Close of School.

The Hometown school which has been taught this year by Miss Josie Robertson closed yesterday with a big dinner and some fine speeches. The patrons turned out en masse, brought their well filled baskets and enjoyed the day together. This school will furnish six graduates from the common branches this year.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

WANTED.—Everybody to know that on account of the vast crowd that has been unable to see Roying Carlo's Gypsy Queens of Palmistry and by the special request of some of the prominent citizens of Seymour he has decided to remain over Monday night, the 23d inst, so as to accommodate one and all. Camp open from 2 to 5 and 7 to 10 p.m. 27 2t 113 South Chestnut Street

Marvelous Results.

From a letter written by Rev. J. G. Derman, of Dimondale, Mich. we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succumbing to La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery. It was quick in its work and highly satisfactory in results." Trial bottle free at W. F. Peter's, successor to J. H. Andrews & Co, Drug Store.

You know what is in it.

The only baking powder having a statement of its composition on the label is

Cleveland's Baking Powder

This is a satisfaction to housekeepers and a safeguard against adulteration.

Cleveland Baking Powder Co., New York.

BUSINESS NOTES.

H. J. Miner, of Bedford, was in the city last evening on business.

M. F. Monfort came here last evening from New Albany on business.

Attorney C. S. Baker, of Columbus was here yesterday on business.

David Easter and many other people came down this forenoon from Jennings county on business.

John M. Lewis, jr., and Judge Marshall were at Mrs. Jennings county, today on legal business.

L. C. Gaine, of Indianapolis, after being here on business with G. L. Attkisson, returned home last night.

M. N. Moore, a banker of Mitchell, who has been here on business with Architect W. H. Mayer returned home last night.

Cudwith Able, of Jonesville, last night shipped a car of extra fat cattle making an average 1,665 pounds each to Indianapolis from here.

Fifteen young ladies and school-marks went this morning to the county seat on business, and the trains being late they chartered vehicles.

Few people know that all plants contain digestive principles. They cannot absorb their food until it is digested any more than animals can. The Mount Shakers have learned the art of extracting and utilizing these digestive principles, and it is for this reason that their Shaker Digestive Cordial is meeting with such phenomenal success in the treatment of dyspepsia. The Shaker Digestive Cordial not only contains food already digested, but it also contains digestive principles which aid the digestion of other foods that may be eaten with it. A single 10 cent sample bottle will be sufficient to demonstrate its value, and we suggest that every suffering dyspeptic make a trial of it. Any druggist can supply it. Laxol is the best medicine for children. Doctors recommend it place of Castor Oil.

THE MANIAC IN THE CAR

A Drama With a Satisfactory Ending For All but the Nervous Woman.

It was perfectly obvious that the man in the corner was crazy. At least it was perfectly obvious to the nervous looking woman who sat just opposite him in the cable car. It was not so much the mystical series of wigwag signals which he was making with his handkerchief as the amazing contortions of his face. In the intervals of these contortions he stared intently in the direction of his nervous vis-a-vis, but at nothing in the world, so vague was his look. Then he would tap the bridge of his nose with his finger, grimace and screw up his features into horrible expressions of malignant madness.

The poor woman didn't know what to do. Her alarm was so apparent that all the others in the car noticed it, even the man himself in one of his lucid intervals, and thereafter his performances became more violent than ever. Every physician knows that maniacs delight in playing upon the terrors of those who exhibit fear of them. Perhaps the woman herself knew it. At any rate her feelings finally reached an intensity such that when the man half rose from his seat she shrank into her corner with a stifled squeak, which brought from him a glance of triumph, or perhaps it was surprise. But he only sank back again, with an expression of disappointment, as if his time had not yet come, which indeed it hadn't. Thereafter she held herself gathered close, with every muscle strained, ready to spring and flee. She didn't have long to wait.

The man looked toward her with that terrible, unseeing glare. His fists clinched. The handkerchief clinched in one of them jerked in short, sharp oscillations. His eyes began to bulge out. His face became purple. Beneath his curling lips could be seen his teeth, bare to the gums. He leaned forward toward the horror-struck woman, his face protruding almost into hers. His sharp, hot breath was on her cheek, and just as his arms went up to clutch she made one bound from her seat that took her half way down the car.

Two more leaps landed her on the platform. Thence, with a mad yell, she launched herself forth, despite the restraining grasp of the alarmed conductor, and was fortunately caught by a policeman, who escorted her to the sidewalk, where she wept. From behind she heard a mad, gasping roar of buffed rage, but the maniac did not follow.

He didn't want to. He sank back in his seat again and wiped his fearful eyes. Then he took out a newspaper and began to read. It had been a hard struggle, but it had ended in victory. He had got that sneeze out.—New York Sun.

OUR CHURCHES.

FIRST M. E. CHURCH.

THE TIMES-STAR, Cincinnati, O

John R. McLean's Great Newspaper.

With a single exception, there is no newspaper in the United States more successful publisher than the proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

The President and His Salary.

"I shall not attempt to answer the question, How much of his salary does the president expend?" writes ex-president Harrison in an article in the April Ladies' Home Journal, on "The Social Life of the President." "But those who think he can live at his ease after his retirement on the income from his savings should take account of several things: First, that the net income from safe investments does not exceed four per cent; second, that the amount invested in a home yields no income, and third, that he must have a private secretary, for his mail will be so large that he cannot deal with it himself. A son of one of our most eminent presidents who had lost all of his means told me that it was pathetic to see his father, who was in ill health, laboring beyond his strength to answer the letters that came to him. But if the president retains a fair measure of health he will take care of himself. If he was ever capable of directing the affairs of the Nation he may be trusted to administer his own business; and if he has won the esteem of his fellow citizens, and has rightly valued it, he will not barter it for riches. To any vocation from which a man may be suitably called to the presidency he may suitably return."

To Gain Advantage.

P. A. Bonebrake, superintendent of the Louisville division of the Pennsylvania lines, is constructing a switch from the main track at Jeffersonville to the Indiana Reformatory, and the work is well advanced. It is really a flank movement on the Big Four and the Baltimore & Ohio Southwestern and gives the Pennsylvania company marked advantage in handling the business that this institution creates.

HUNTER'S CHANCES.

Kentucky State Central Committee Appeals to Republicans to Stand by Him.

FRANKFORT, Ky., March 27.—It is thought that Hunter's strength is drifting away from him. But for the wonderful fight he is making and the unprecedented backing he evidently has he would already be to the point of withdrawing. Three more of his own party openly announce that they will join the present six Republican bolters on Monday. He has never been able to add any to the three recruits from the enemy he had at the start. Meanwhile he has followers who claim that not even the national administration can turn them from him to another nominee, and for this reason the Blackburn minority begins to hope for the thing they desire most of all, viz: no election, and to that extent the chance for the Bradley coalition to go through is suffering. It is plain that but one remote possibility can now force any election at all. The state is suffering dreadfully for financial and other legislation. No legislation can be effected until the senatorial struggle is settled. The state central committee last night adopted the following resolutions in a final effort to bring and keep the bolters in line:

Resolved That this committee appeal to every Republican member of the legislature to support their regular caucus nominee, Hon. Godfrey Hunter, for United States senator.

Disloyalty at this critical moment of the nation, to our party deserves the severest condemnation and in the name of the 218,000 loyal Republicans of this state, we appeal to every Republican member of the general assembly to support Dr. Hunter.

HIGH PROTECTIVE TARIFF.

Canada Said to Have Suffered From One For Years.

OTTAWA, March 27.—In the house of commons yesterday the address in reply to the speech from the throne was taken up. The address was moved by Mr. Russell, liberal of Halifax. Referring to the tariff, he said that for many years Canada had been suffering from a high protective tariff, which fostered all kinds of trusts and combines. The country needed a change and a return to tariff for revenue only was absolutely necessary and would be approved by the people.

The change, however, would have to be gradual, otherwise the industry of the country would suffer. The United States, Mr. Russell said, framed its tariff to suit its own purposes, and Canada would do the same, not necessarily in a spirit of retaliation, but with a view of doing what was best for the Dominion. The address was seconded by Mr. Ethier, Liberal French Canadian.

May Rejoin the Old K. of L.

PITTSBURG, March 27.—John W. Hayes, general secretary-treasurer of the Knights of Labor, came to the city last night and as a result of his visit expects to have old D. A. No. 3 rejoining about 12,000 members, the K. of L. of L. Two years ago D. A. No. 3 seceded from the regular K. of L. and joined the independent K. of L. The new move was not successful.

NEWS IN BRIEF.

Ex Senator Dubois' silver friends gave a dinner in his honor in Washington last night.

Navigation was opened on Lake Ontario today. The Welland canal will open April 19.

The greater New York charter bill passed the lower house yesterday by a vote of 117 to 25.

Arkansas state board of trade has called mass meeting in every county in the state for the purpose of raising funds for the flood sufferers.

In anticipation of the increase in the American tariff Canadian distillers are shipping large quantities of whisky into the United States.

CASTORIA
The famous signature of *Chas. H. Fletcher* is on every bottle.

The famous signature of *Chas. H. Fletcher* is on every bottle.

TAKE MAPLE SYRUP.

Several "Factories" are in Full Blast in Indianapolis.

The attention of the Indianapolis city sanitarian has been called to "fake" imitations of maple molasses that are being sold on the market in some stores. The fraud is one that is worked every year during the season of maple molasses and buckwheat cakes. A little maple sugar is used in making the imitation, and the peculiar flavor is given to it by the use of hickory bark. It is said that only a small proportion of the so-called syrup retailed in the market is the genuine article. It is said that there are several of the "factories" now operating in Indianapolis. In some cases the imitation is so perfect that it is very difficult to detect it.

CHURCH NOTES.

Presiding Elder Jacob Rothweiler, of New Albany, came here yesterday to conduct quarterly meeting at the German M. E. church.

Elder G. M. Shutts, of Ewing, went this morning to Charlottesville to preach Sunday. The congregation of the Christian church of Ewing held a meeting last night and voted unanimously to employ Elder Shutts as pastor of the church there for the ensuing year. He will enter on the work Sunday, April 4, 1897.

POLITICAL BREVITIES.

A. A. Young has been recommended for surveyor of customs at Indianapolis by Congressman Overstreet.

Dr. Geo. F. Elenharter has been re-elected superintendent of the Central insane hospital.

The Governor has appointed Dr. Henry Jameson, of Indianapolis, and Dr. E. O. Loughlin, of Orleans, to the vacancies on the state board of health.

In the Kentucky legislature yesterday Dr. Hunter failed by two votes being chosen United States Senator.

RAILROAD RUMBLINGS.

W. B. Gibson, of the E. & T. H., was in the city today.

C. W. Ramsey, of the "Q" route, was in the city this morning.

W. H. Hunter, of the B. & O. Line, was in the city last evening.

John H. Lyland, of the W. U. Telegraph, was in the city Friday on special business.

Brakeman William Childers is recovering from his injury and he went out on through freight Friday.

Seventy-two percent of the shopmen on the Pennsylvania lines west are now members of the Voluntary Relief Association.

Under the proposed refunding scheme of the Baltimore & Ohio Southern western the company will save \$200,000 a year in interest.

H. H. Guilford, traveling freight agent of the Continental Line, came here Friday on business with H. B. Giddard, division freight agent of the B. & O.

The adoption of the tonnage system for freight trains on the Baltimore & Ohio Southwestern has resulted in quite a saving in the cost of transportation. General Superintendent Ryan states that locomotives, under this system, are pulling from two to seven more loaded cars per train than ever before.

From Cripple Creek.

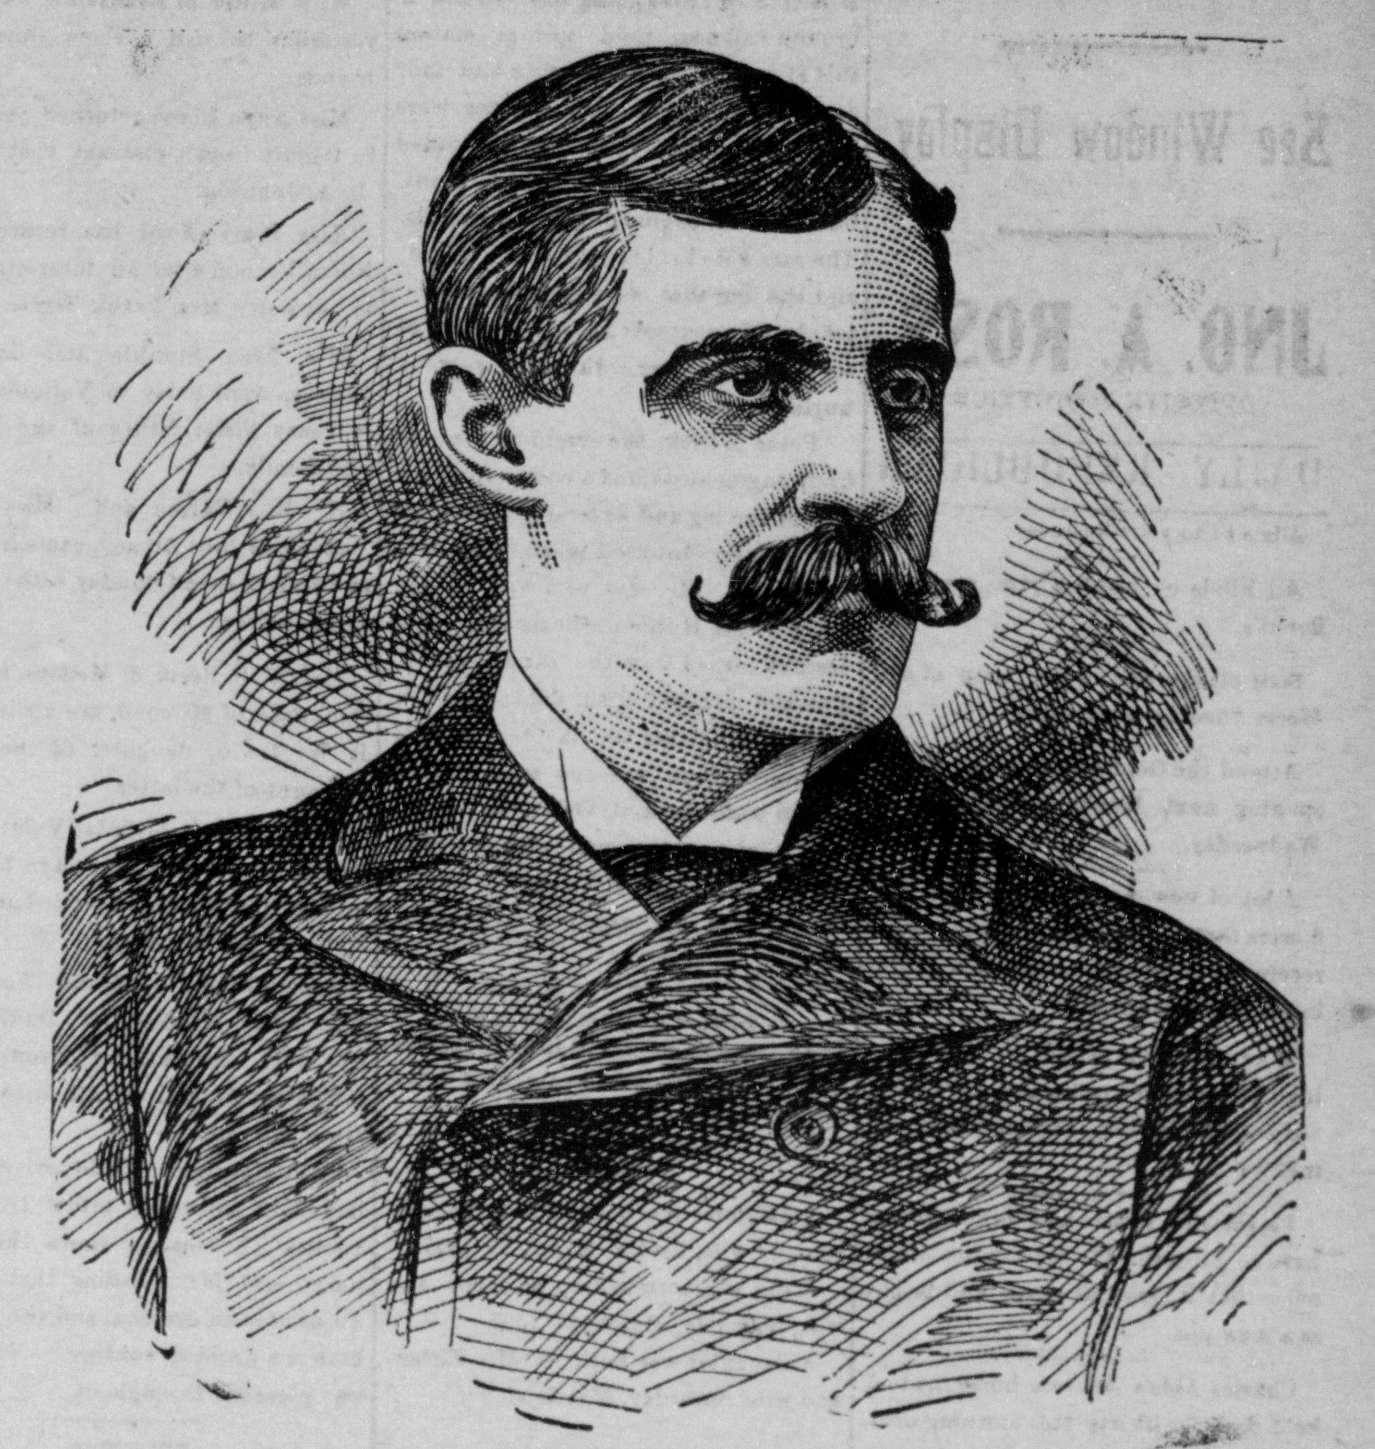

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. Henderson, editor Daily Advertiser. For sale by C. W. Milhouse, druggist.

For Sale.—Good hard coal base burner. Inquire at this office.

The famous signature of *Chas. H. Fletcher* is on every bottle.

MAKES THE WEAK STRONG!

The Foremost Athletic Trainer in America Recommends Paine's Celery Compound.

John Graham is the foremost man in American athletics.

It was he who managed the successful team from this country that attracted world wide attention in the recent Olympic games at Athens.

Formerly trainer for Columbia college, then for Princeton and finally for Harvard university, Mr. Graham had much to do with raising the standard of collegiate sports. A small army of gentlemen have been guided by him since he left Harvard and took his present position, superintendent of the famous gymnasium of the Boston athletic association.

Three of his proteges, White, Brewer and McCarthy, have just won the New England championship at the mile, quarter mile and five mile run. He has trained Weeks of Brown university, one of the best college sprinters in the country.

Many another student of what makes men and women strong has used and has recommended Paine's celery compound as the best known remedy for those who are weak and dispirited, the overworked and enfeebled persons who are most concerned in the general awakening of interest in outdoor exercise and indoor attention to the proper rules of health.

It was the ablest professor of medicine and surgery in any college, that giant among men, Prof. Edward E. Phelps

M. D., LL. D., of Dartmouth college, who after years of patient investigation and study, assisted by all that was best in the progress of medical science at home and abroad, first discovered the wonderful formula of Paine's celery compound.

There was no doubt of the interest that would be awakened at once by the announcement of any discovery by Prof. Phelps. The formula from the first was furnished to the best physicians, and forthwith this remarkable Paine's celery compound was personally used and professionally prescribed by them. The result of the closest investigation might have been expected. It soon required a considerable industry to produce the remedy, and rapidly but steadily, without ceasing, the demand for Paine's celery compound has increased, until today there is no other remedy that in comparison begins to hold half the public attention that it holds.

In untold number of cases where every other remedy has been tried and failed, Paine's celery compound has attained the wished for results, making the weak strong, purifying the blood, rebuilding the worn out nervous tissue, curing chronic sickness, proving a never failing and permanent relief for rheumatism, neuralgia, kidney diseases and disorders of the liver, all due to the impairment of the person's nervous system, the consequent impoverishment of the blood and the breaking down in

consequence of some particular organ.

When Mr. Graham, writing Jan. 16, 1897, said: "I have used Paine's celery compound to my benefit, and I have no doubt that any person undergoing great physical and mental strain would find it of great service. For students especially it ought to be of great value."—When so prominent a student of bodily health, who has no equal, unless, perhaps, one mentions Dr. Sargent of Harvard, with whose methods Mr. Graham became well acquainted at Harvard—when Mr. Graham says bluntly that after his experience he believes others would find Paine's celery compound of great service, what man or woman out of perfect health can afford to neglect his well considered and expert advice!

There is no doubt that Paine's celery compound cleans the blood of eczema, salt rheum and such humors, not only in the spring that is so favorable a time, but at any time during the year, so thoroughly that nothing further is ever heard of them.

Paine's celery compound has been tested, tried, scrutinized and heartily approved by so many impartial physicians and men and women whose word in any matter would not be questioned for a moment, that one must be stubborn minded indeed who prefers to mope around half sick instead of verifying these positive, straightforward statements.

BLOWN INTO ATOMS

Explosion of Nitro-Glycerine at the Dupont Chemical Works.

THREE KILLED AND TEN INJURED

Buildings Totally Destroyed and a Hole Eighty Feet Long and Twenty-Five Wide Torn in the Ground—Concussion Felt For Miles—Plasterer Three-Quarters of a Mile Away Thrown From a Scaffold.

GIBBSTOWN, N. J., March 27.—Three men were blown to atoms and 10 other persons injured by an explosion of nitroglycerine at the Dupont chemical works near this city late yesterday.

The dead are:
JAMES HAMILTON, aged 30 years, Paulsboro, N. J.
CHARLES WRIGHT, aged 25 years, Paulsboro, N. J.
J. T. STILES, aged 25 years, Paulsboro, N. J. All were married.

The injured are:
John Langford.
William Gardner.
William Tussey.
John Jefferson.
Peter Fellman.
John Williams.
Joseph Donnelly.
Charles Madora.
Lizzie McFinnis.
Emma Bates, all of Gibbstown.

All the dead and injured were employed in the works, the women in the canteen. Most of the workmen were not at their posts or the loss of life would probably have been greater. The concussion was felt for miles around and a plasterer at work on a scaffolding three quarters of a mile away was thrown off. After the excitement had subsided guards were posted and outsiders excluded. Meanwhile a corps of men was put to work among the ruins and after much search, the mutilated remains of the three victims were gathered into two buckets.

Identifying the Remains.

Wright was identified by a ring on one of the fingers, and Stiles by his shoulders, from which the head as well as the lower part of the body had been torn. Physicians from Gibbstown and the vicinity looked to the injured, the majority of whom were cut about the head and face by flying glass.

The explosion was of such terrific force that, besides totally destroying the two houses, it tore a hole 80 feet long and 25 feet wide in the ground upon which they stood. The cause is assigned to excessively high temperature in one of the houses, quantities of the explosive being in both at times. The company manufactures dynamite, which necessitates the handling of nitro-glycerine, wood pulp and nitrate of soda. Its plant covers 600 acres, and in consequence of the character of the work carried on is almost completely isolated from any habitation. On March 24, 1884, an explosion occurred by which nearly the entire plant was destroyed and six men were killed, among whom Lamont Dupont, president of the company. He was the second of that family to meet death at the works, the first being Irene Dupont, who was killed 25 years ago.

LANDED SAFELY.

Philustering Expedition From Punta Gorda Was a Success.

TAMPA, Fla., March 27.—Colonel Figueroa, the Florida delegate of the Cuban junta, has received information that the expedition which sailed from Punta Gorda last Friday night has landed safely on the northern coast of Cuba.

Spanish troops under General Molina lately destroyed the sugar estate "Carmen," belonging to Alfredo Hernandez, at Sabinilla, Matanzas province. His residence, machinery and crop, and a summer house near Matanzas were wrecked. Hernandez is an American citizen, and through his attorneys, Countert Bros. of New York, will file a claim for damages against Spain with the state department for \$200,000.

Cesar Esquerro Montero, an American, born at Key West, but not being able to speak English, was placed under arrest 18 days ago. He has finally been set at liberty and though not compelled to leave the island, he intends to do so at an early date.

It is understood that the American state department is trying to ascertain the whereabouts of Thomas W. Steeps, the newspaper correspondent. The civil authorities deny any knowledge as to his movements. It is not known whether he has been arrested or captured.

Don't Recognize the Peoples' Party.

CHICAGO, March 27.—The election board Tuesday decided that the Peoples' party in this city is not a party under the law and refused to place all the nominees of that party on the official ballot. The Peoples' party endorsed in convention the regular Democratic candidates for the city and town offices.

Will Withdraw From the Concert.

CONSTANTINOPLE, March 27.—It was asserted here last night on what is regarded as reliable authority, that in consequence of the refusal of Lord Salisbury to join in a blockade of Greek ports, Germany has given notice to the powers of her intention to withdraw from the concert.

NEWS IN BRIEF.

The mills at Manchester are making large quantities of cotton goods for the Chinese trade.

The picked orators of Yale defeated Harvard at Cambridge, Mass., in a joint debate Friday night.

News reached Victoria, B. C., Friday that the steamer Villa and Dora has been wrecked on the Alaskan coast.

Harry K. Chenoweth of Arizona was Friday confirmed by the senate as collector of customs for the district of Arizona.

The Baltimore pennant winners divided into nine and played a game of ball at Macon, Ga., Friday. Regulars, 29, reserves, 4.

The Surety Building and Loan association of Philadelphia made an assignment Friday for the benefit of creditors. Liabilities about \$65,000; assets \$10,000.

A Cape Town dispatch says there are 700 men of the British fleet, now at Simonstown, suffering from malarial fever, contracted during the recent campaign to

FREIGHT WRECK.

Baltimore and Ohio Southwestern Tumbles Down an Embankment.

COLD SPRINGS, Ind., March 27.—Late yesterday a Baltimore and Ohio Southwestern freight train ran on a broken rail here and all the cars tumbled over the embankment. The engineer of the front engine, Peter Adrick, 39, married, of Seymour, Ind., was caught trying to jump and his leg was broken in two places. He is supposed to be internally injured. The freight was heavily laden and two engines were attached.

Will Bring the Remains Home.

MANAGUA, Nicaragua, March 27.—United States Minister Lewis Baker is about to start for the United States via San Francisco with the remains of the late United States consul, Hiram Lott, who died here June 6, 1895, and was buried with military honors in the Mangua cemetery. The remains will be removed at the expense of the United States government.

Elizabeth Stilson Dead.

NEW YORK, March 27.—Mrs. Elizabeth Stilson is dead at Flatbush, L. I., of pneumonia, aged 75 years. Mrs. Stilson went to Ohio when a girl, and at Clyde, O., became celebrated in the early days of the civil war by her activity in assisting to equip union troops with clothing, etc.

George Fanning Dead.

KANKAKEE, Ill., March 27.—George Fanning is dead here aged 85. He left an estate valued at \$100,000.

EARTHQUAKE SHOCK.

Montreal Gets Another Shaking Up—People Frightened.

MONTREAL, March 27.—At 12:30 this morning another severe shock of earthquake was felt in Montreal which lasted 12 seconds. It was fully as severe as the shock felt on Tuesday evening last, and was accompanied by a series of noises like an explosion. The most substantial buildings in the city were shaken and the employees ran out of the newspaper offices and the postoffice in a fright.

CONDITION OF TRADE.

Bradstreet Says Unfavorable Influences Are More Numerous Than Otherwise.

NEW YORK, March 27.—Bradstreet today says while the week is not without favorable features, unfavorable influences have been more numerous. Leading money markets show no improvement. Mercantile collections continue slow, as heretofore, and the volume of funds offered is in excess of the demand for discounts. The tendency of investments to improve has temporarily disappeared under the influence of the supreme court "anti-trust decision," which apparently threatens arrangements for the maintenance of railway rates, as well as railway trades union activity, so far as it may affect interstate commerce.

The tendency of prices is downward, quotations being lower for wheat, Indian corn, oats, coffee, cotton and for pig iron and steel billets, on the outlook for lower priced ore. Staples for which prices are higher include wool, raw sugar, wheat flour, petroleum, linseed oil and turpentine. Stormy weather, high water and floods in the Ohio, Mississippi and Missouri river valleys and in the country drained by tributary streams have interfered with interior trade. The gradual increase in the number of industrial strikes is the outcome of a movement to secure higher wages, and in instances moderate advances have been obtained.

Recent activity in raw wool continues, and the prospect for an increased tariff on imported woolsens causes merchants to purchase American goods more freely. The movement of cottons is not up to expectations and in some lines is disappointing. The most noticeable improvement in trade is confined to dry goods, hardware, leather, agricultural implements and shoes.

INDEPENDENT ACTION.

Railroads Have Commenced Making Passenger and Freight Rates.

CHICAGO, March 27.—Already the western roads are beginning to take independent action on rate matters, although there has not yet been any official notice of the dissolution of any of the traffic organizations.

The Chicago, Milwaukee and St. Paul has announced an open one-way rate from Chicago to points in Minnesota and North Dakota, also to points on the Hastings and Dakota division and north thereof. These rates are the regular Chicago-St. Paul charges added to a rate of \$2.50 made by the lines out of St. Paul. Tickets will be sold here March 30 and 31 and April 6.

The Chicago and Great Western celebrated its severance from the Western Freight association by applying the 33 1/3 per cent reduction recently made on shipments from Atlantic seaboard points to St. Paul to all business originating east of the Indiana and Illinois state lines. This practically establishes a 40-cent basis, first class, from Chicago to St. Paul.

Rev. Swallow's Charges.

HARRISBURG, Pa., March 27.—Rev. Dr. Silas C. Swallow, editor of the Pennsylvania Methodist, who was yesterday convicted of libeling Captain John C. Delaney, superintendent of public buildings and grounds, last night addressed an open letter to Governor Hastings in which he says: "I state what I know when I write that state property is to be found in the homes of politicians, judges, lawyers, state and national officials, otherwise reputable people in all grades of life."

Going Home to Fight Turkey.

NEW YORK, March 27.—On board the French line steamship Champagne which sailed today for Europe were 150 Greeks who are going home to fight against Turkey if called on. They were given an enthusiastic farewell by their compatriots in this city. They assembled last night at the Parthenon restaurant where Rev. Father Agathodori, in full vestments, repeated the ancient Greek war prayer.

WORK ON TARIFF BILL

Four Amendments Adopted by the House to the Dingley Bill.

STRICT PARTY LINES DRAWN

All Changes Asked by Democrats Rejected—Senator Gallinger Again Attacks the Civil Service Rules—First Assistant Postmaster General Heats Ruling on Offensive Partisanship.

WASHINGTON, March 27.—The tariff bill was thrown open for amendment under the 5-minute rule in the house yesterday, but seven weary hours of work only served to dispose of nine of the 162 pages of the bill. All the amendments offered by the Democrats were rejected. Three slight committee amendments were adopted and also an amendment offered by Mr. Mahany (Rep., N. Y.), to increase the duty on white lead from 2 1/2 to 3 cents per pound, the rate in the act of 1890. The present duty is 1 1/2 cents. Mr. Mahany said the increase was asked for by a concern

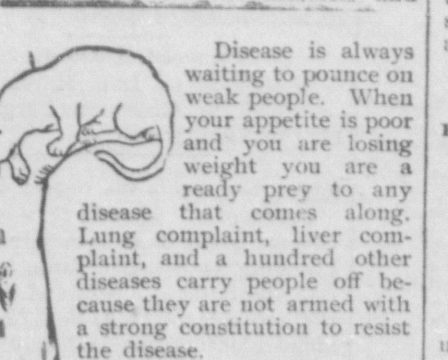

HON. NELSON DINGLEY.

which was independent of the lead trust. It was adopted by a strict party vote. The discussion covered a wide range of political topics and at times was both interesting and exciting.

By far the most important feature of the day was the attempt of Mr. Dockery of Missouri, Mr. Cooper of Texas and others, backed up by the entire opposition, to secure a vote on an amendment, offered in a multitude of forms, which provided that in case any article made dutiable by the bill was controlled by a trust or combination the duty upon such article should be suspended. Mr. Dingley made the point of order that the amendment was not germane to the dutiable list and would not be in order until the free list is reached. For almost three hours this point of order was fought over and made the subject of criminations and recriminations. The Democrats contended that if the amendment was ruled out it would never be voted upon, as the free list, in all human probability, would not be reached before the final vote was taken. An appeal was taken, but the chair was sustained by a strict party vote—158 to 104.

In the Senate.

Another brief discussion of the civil service occurred during the opposition of the senate yesterday. Mr. Gallinger (Rep., N. H.) presented several forms issued by the civil service commission, to substantiate his recent statement that certain applicants for office were required to hop on one foot for 12 feet. He said his statement had been challenged by several penny-a-liners and by one member of the civil service commission. The senator read the "hopping" provision and several other questions as to the weight and height of typesetters which he characterized as absurd. Referring to the size and weight requirement Mr. Gallinger said: "Phil Sheridan could not have served the government if the civil service commission had got at him." Matter was referred to the civil service committee. Owing to the public demand for copies of a recent decision of the supreme court sustaining the antitrust law as applicable to railroads, it was determined to print the majority and

Disease is always waiting to pounce on weak people. When your appetite is poor and you are losing weight you are a ready prey to any disease that comes along. Lung complaint, liver complaint, and a hundred other diseases carry people off because they are not armed with a strong constitution to resist the disease.

If you are not in prime, robust condition you will get an immense amount of help from Doctor Pierce's Golden Medical Discovery. It builds up the constitution by giving fresh vitality to the blood; it aids the digestive and blood-making organs to produce an abundance of rich, red corpuscles which vitalize the circulation and create healthy tissue, solid, muscular flesh, strong nerves, and sturdy energy.

Sidney Bergesha, Esq. of Clear Lake, Deuel Co., So. Dak., writes: "Last spring I was taken sick with a very bad attack of La Grippe and had awful pains in my lungs and breast, with a bad cough. My doctor's medicine gave me no relief, and when I set up for five minutes I wanted to lie down again. My wife got very much discouraged and said she would try Dr. Pierce's Golden Medical Discovery, so I took two bottles. When I had taken half-a-bottle the pain began to leave and after taking two bottles of it I felt like a new man, and could do my own work again. I can fully recommend your medicine, and must say it will do what it is said to do."

PIERCE'S When the bowels are constipated Doctor Pierce's Pleasant Pellets will set them right in a natural way; comfortably, but thoroughly. These little "Pellets" mildly stimulate the liver, and cure biliousness. They are purely vegetable and perfectly harmless. No other pills act so gently.

ROYAL

The absolutely pure BAKING POWDER.

ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it assures you against alum and all forms of adulteration that go with the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

minority opinions as a senate document. A protest was presented from the Michigan legislature against the executive order consolidating pension agencies.

DISAPPOINTING RULING.

First Assistant Postmaster General Health on Offensive Partisanship.

WASHINGTON, March 27.—Another factor in the policy of the post-office department has been announced by First Assistant Postmaster General Health. It is that offensive partisanship will not be considered provocation for removal unless such action is shown to have been detrimental to the administration of the postal service. Fully half a dozen of such charges were made to Acting Postmaster General Health yesterday, including the offices at Hastings, Neb., where Senator Thurston made complaint, and at Ashland, Ill. Every case, however, lacked the essential requirement of specification of damage to the service.

ANNEXATION OF HAWAII.

Minister Hatch Discusses the Question With McKinley and Sherman.

WASHINGTON, March 27.—Messrs. Hatch and Smith have seen President McKinley and Secretary of State Sherman in regard to the question of annexation of Hawaii and presented to them arguments in its favor. They decline to discuss the attitude of the president or his premier on the subject, except to say that the situation is encouraging. Everything, said Minister Hatch, is as yet in a tentative shape and nothing formal has been done. Attorney General Smith who has been in the city several weeks will start next week on his return to the islands.

Fire at Auburn, Ill.

AUBURN, Ill., March 27.—A fire here consumed the drug store of C. H. Wineman, Bunting & Spencer's barber shop, the Auburn Grange store, W. H. Hummel's building on the north and Shatt & Hines restaurant on the south. The two remaining buildings in the block were saved, but the stocks were damaged. Loss, \$11,400; insurance, \$10,300.

Asphyxiated in a Tunnel.

LEADVILLE, Col., March 27.—E. E. Jennison, superintendent of construction of the Western Union Telegraph company, was asphyxiated at the Busk tunnel yesterday where he was superintending some wire repairs. Deceased was 60 years of age and a resident of Omaha.

Detailed For Duty at Culver, Ind.

WASHINGTON, March 27.—Captain John Q. Adams, U. S. A., has been detailed for duty as professor of military science at Culver, (Ind.) Military academy.

CENTRAL STATES NEWS.

Woodford county, Ill., is to have a new courthouse costing \$35,000.

Henry C. Frazier of Whitesburg, Ky., has been held for murder in first degree without bond for killing Ed Ison.

Larene Wiley, only 4 years old, of Hagerstown, Ind., is a dainty seamstress, which comes to her as a natural gift.

Governor Tanner has appointed J. Fred Woods of Joliet a member of the Illinois commission for the Tennessee centennial exposition.

A jury at Marion, O., gave William Wood a verdict for \$6,800 against the Big Four railway. Woods had his foot taken off by a train.

The 4-year-old child of Giles Brington of Martinsburg, Ky., fell into a kettle of boiling soap and was literally cooked before it could be rescued.

Benjamin Covert of Crothersville, Ind., while working on a bridge spanning the Muscatuck river accidentally fell into the water and was drowned.

D. E. Miller of Pemberton, O., has been arrested, charged with forging H. W. Denning's name to secure witness fees of the county clerk.

Rev. J. H. Bomberger of Columbiana, O., has been called to the chair of homiletics and sociology in Heidelberg Theological seminary at Tiffin, O.

City auditor of Lexington, Ky., has refused to pay Councilman James H. Staples his salary because he absented himself from meetings since November.

William Tanner, alias John Riley, convicted of forgery at Brazil, Ind., and sentenced to prison, made a confession which exonerated Thomas Lynch, similarly charged, and Lynch was released.

Ditchdiggers near Knox, Ind., unearthed 10 human skeletons, evidently lying underneath the surface for a half century and more. The bones were those of white persons, probably the victims of Indian raids in the early days.

Examination of the books of John B. Reeder, ex-recorder of Tipton county, Ind., show a shortage of \$1,900. Mr. Reeder has \$1,100 in fees coming to him under a recent decision of the supreme court, which will cover the alleged shortage.

Weather.

Indiana and Illinois—Generally fair, slightly warmer in northern portion. Ohio—Partly cloudy weather; light flurries of snow along the lakes.

DANGER!

Few appreciate the danger to which the Expectant Mother is exposed and the foreboding with which she looks forward to the hour of woman's severest trial.

Mother's Friend

so assists Nature that the change goes forward in an easy manner, without the violent protest of Nausea, Headache, etc. Gloomy forebodings yield to hopeful anticipations, she passes through the ordeal quickly and with little pain, is left strong to joyously perform the high and holy duties now devolved upon her, and the time of recovery shortened.

A lot of new perfumes, fresh as the
flowers that bloom in the spring were
received at Cox's pharmacy this morn-
ing. Examine them.

WANTED.—5000 people to visit Rov-
ing Carlo's gipsy camp and have their
fortune told for 10c. 113 Chestnut street
m22 1w

Postmaster Price and his deputies
have so improved the appearance of the
office that it looks as clean and bright
as a new pin.

Charles Able's delivery horse made a
bo'd dash for liberty this morning com-
pletely wrecking the wagon and scat-
tered groceries to the four winds.

Rev. Noah Harper, of Columbus,
spent a few hours here today. He
went to Hayden this afternoon where
he conducts services at the Baptist
church tomorrow.

John Emily through his attorney, W.
R. England, has had his pension in-
creased from \$12 to \$14 per month.
Also Charles Murphy has his increased
from \$8 to \$12 per month.

Culver military academy, at Maxin-
kuckee has purchased of troop A, Ohio
national guard of Cleveland, O., the
eighty-one magnificent black horses
which served as escort to President Mc-
Kinley during the inaugural cere-
monies. The consideration was
\$10,000.

Notice of Sale.

Notice is hereby given that the un-
derdesigned will receive sealed bids for
the purchase of the plant, machinery and
all materials on hand belonging to the
Home Furniture Company until noon
on the 13th day of April, 1897. Sale to
be made for cash. The right to reject
all bids reserved.

Wright's Celery Tea cures constipa-
tion, sick headaches. 25c at druggists.

Broken Rail.

Causes a Freight Wreck—Engineer Ed-
rick Seriously Injured.

A special to the Enquirer from Law-
renceburg has the following to say
about the freight wreck at Cold Springs
yesterday forenoon:

"A heavy laden freight train on the
B & O S. W. road going west struck a
broken rail near Cold Springs station
this afternoon and the engine and four
cars were derailed. Two engines were
being used to get the heavily loaded
cars up the long grade at this point,
but the front engine only left the rails.
The cars were piled with a great noise
and the four that were wrecked scat-
tered their contents at the bottom of
embankment, over which they were
hurled.

"Peter Edrick, the engineer on the
front engine, sustained a compound frac-
ture of the leg and several severe cuts
and bruises. Internal injuries are ap-
prehended. He was removed to the
Bots Street Hospital, Cincinnati. The
fireman leaped from the careening en-
gine and escaped with slight injuries.

"A tramp giving the name of Joseph
Heron, Chicago, was cut and bruised,
but no bones broken. One of the brake-
men went over the embankment with
the derailed cars, yet crawled out of
the debris of the wreck almost unin-
jured."

To Cure a Cold in One Day

Take laxative Bromo Quinine Tablets.
All druggists refund the money if it fail
cure. 25c.

BORN.

A daughter was born to L. E. Thomp-
son and wife, Friday, March 26, 1897.

A son was born to Ben Bowman and
wife, Saturday, March 27, 1897.

A daughter was born G. H. Farber,
and wife, Saturday, March 27, 1895.

Dangers of the Grip.

The greatest danger from lagrippe is
of its resulting in pneumonia. If reason-
able care is used, however, and Cham-
berlain's Cough Remedy taken, all dan-
ger will be avoided. Among the tens of
thousands who have used this remedy
for la grippe, we have yet to learn of a
single case having resulted in pneumo-
nia, which shows conclusively that this
remedy is a certain preventative of that
dread disease. It will effect a perma-
nent cure in less time than any other
treatment. The 25 and 50 cent sizes for
sale by C. W. Milhous, druggist.

Go to the Gold Mine next Monday,
Tuesday or Wednesday, the dates of
their grand spring opening, and see the
novelties purchased for their spring
trade. Select what you want early.

Orothersville Man's Apology.

The Orothersville Commercial this
week apologizes for being short on news
and promises that "if subscribers will
bear with us a short time we will try
and make a deficiency of local news in
the near future."

Want the Bloodhounds.

W. A. Carter received a telegram
from Indianapolis this afternoon to
come on first train with his blood-
hounds, to hunt down law breakers.

A McKinley Cat.

The children of Chas. H. Spray own
a cat which is quite a pet in the family.
It is known as "William McKinley
Spray." This afternoon the children
took "William" down to Rogers' phot-
ograph gallery and had his picture taken.
He was a little frisky but behaved
much better than the average cat.

POLITICAL BREVITIES.

Andrew D. White, of New York, will
probably be chosen ambassador to
Berlin.

Series "L."

The Cooperative Building and Loan
Association will open series "L" of its
stock Monday April 5. This provides
a safe and a profitable investment where
you can save any amount from 25 cen-
a per week up. There is no danger of
loss as all money is invested here at
home on first mortgage security. The
terms offered by this association are es-
pecially favorable to the laboring man
who can save only a small amount each
week. For particulars see

PH. WILHELM, Sec'y.

The local freight train from the west
due here at 3 o'clock last evening came
in this morning, thirteen hours late

Bucklen's Arnica Salve

The best salve in the world for Cuts
Bruises, Sores, Ulcers, Salt Rheum,
Fever Sores, Tetter, Chapped hands,
Chilblain, Corns, and all Skin Eruptions.
It cures Piles, or no pay re-
quired. It is guaranteed to give per-
fect satisfaction or money refunded.
Price 25 cents per bottle. For sale by
W. F. Peter.

Wright's Celery Tea cures constipa-
tion, sick headaches. 25c at druggists.

PERSONALS.

W. F. Peter is home from a pleasant
stay at Indianapolis.

Mrs. W. F. Pfaffenberger went this
morning to Indianapolis.

Mrs. Mike Fox went this morning to
Cincinnati to visit friends.

Mrs. C. A. Powell came here today
from Richmond to visit friends.

Miss May Bozell went to Columbus
this morning to visit her parents.

W. B. Miller, of Evansville, was here
yesterday to visit a short time with
friends.

Miss Anna Dixon returned yesterday
to Deputy from a pleasant visit to Mrs.
D. A. Johnson.

Miss Pearl Boyd has returned to
North Vernon after an interesting visit
to her sister, Mrs. Frank Wolfe.

Mrs. Fred Stunkle and daughter
Genevra went today to Vallonia to vi-
sit Henry Falar, father of the former,
and family.

H. B. Warren and Miss Julia
Warren, of New Albany, came here this
morning to spend Sunday with friends
and relatives.

Mrs. V. S. Beem, of Medora, and Mrs.
O. S. Cole, of Mitchell, are visiting Mrs.
R. W. Irwin, daughter of the former
and aunt of the latter.

Ira Thompson, of Cedar Vale, Kansas,
having been here on a visit to his coun-
sin, Mrs. Ira B. Davis, and family left
for home this morning.

John Bishop, of Grassy Fork and
Mrs. John Winhost, of Dudleytown,
left this morning for Evansville to
attend the funeral of their sister, Mrs.
Mary Ellerman.

S. V. Harding and wife arrived home
last night from their bridal trip in the
South. The weather down there is so
warm said Mr. Harding that he had
no use for an overcoat and the weather
here is a decided contrast. Their trip
was pleasant throughout.

AFFLICTED.

W. P. Rooney, is still confined to his
home with the grip.

Mrs. Peter Edrick went last evening
to see her husband who was seriously
injured yesterday by his engine 213,
turning over near Cold Springs, pulling
through freight 51.

The Gold Mine has the largest and
most carefully selected stock of dress
goods ever brought to Seymour. At-
tend their spring opening next Monday
Tuesday and Wednesday.

Close of School.

The Hometown school which has
been taught this year by Miss Josie
Robertson closed yesterday with a big
dinner and some fine speeches. The
patrons turned out en masse, brought
their well filled baskets and enjoyed
the day together. This school will
furnish six graduates from the common
branches this year.

Deafness Cannot Be Cured.

By local applications, as they cannot
reach the diseased portion of the ear
There is only one way to cure deafness
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eus-
tachian Tube. When the tube gets in-
flamed you have a rumbling sound or
imperfect hearing, and when it is en-
tirely closed deafness is the result and
unless the inflammation can be taken
out, and this tube restored to its norma
condition or hearing will be destroyed
forever, nine cases out of ten are caused
by catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.
We will give One Hundred Dollars
for any case of deafness caused by cat-
arrh that cannot be cured by Hall's
Catarrh Cure. Send for circulars, free.
F. J. CHENEY & CO., Props., Toledo, O.
Sold by druggists, 75 cents.
Hall's Family Pills are the best.

WANTED.—Everybody to know that
on account of the vast crowd that has
been unable to see Roving Carlo's
Gypsy Queens of Palmistry and by the
special request of some of the prominent
citizens of Seymour he has decided to
remain over Monday night, the 23d
inst., so as to accommodate one and all.
Camp open from 2 to 5 and 7 to 10 p.m.
27 2t 113 South Chestnut Street

Marvelous Results

From a letter written by Rev. J. Gun-
derman, of Dimmondale, Mich., we are
permitted to make this extract: "I
have no hesitation in recommending
Dr. King's New Discovery, as the results
were almost marvelous in the case of
my wife. While I was pastor of the
Baptist church at Rives Junction she
was brought down with pneumonia suc-
ceeding La Grippe. Terrible paroxysms
of coughing would last hours with little
intermission and it seemed as if she
could not survive them. A friend re-
commended Dr. King's New Discovery
It was quick in its work and highly
satisfactory in results." Trial bottle
free at W. F. Peter's, successor to J. H.
Andrews & Co, Drug Store.

REASONS why you should read the Cincinnati Daily

TIMES-STAR:

It has the latest and most reliable foreign as well as domestic news. It has better financial and market reports and more special correspondence than any other Cincinnati newspaper.

It contains twice as much news as any other paper sold at the same price.

It is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.

AGENTS WANTED EVERYWHERE.

THE TIMES-STAR, Cincinnati, O.

John R. McLean's Great Newspaper.

With a single exception, there is no newspaper in the United States more successful publisher than John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

The President and His Salary.

"I shall not attempt to answer the question, How much of his salary does the president expend?" writes ex-president Harrison in an article in the April Ladies' Home Journal, on "The Social Life of the President." "But those who think he can live at his ease after his retirement on the income from his savings should take account of several things: First, that the net income from safe investments does not exceed four per cent; second, that the amount invested in a home yields no income, and third, that he must have a private secretary, for his mail will be so large that he cannot deal with it himself. A son of one of our most eminent presidents who had lost all of his means told me that it was pathetic to see his father, who was in ill health, laboring beyond his strength to answer the letters that came to him. But if the president retains a fair measure of health he will take care of himself. If he was ever capable of directing the affairs of the Nation he may be trusted to administer his own business; and if he has won the esteem of his fellow citizens, and has rightly valued it, he will not barter it for riches. To any vocation from which a man may be suitably called to the presidency he may suitably return."

To Gain Advantage.

P. A. Bonebrake, superintendent of the Louisville division of the Pennsylvania lines, is constructing a switch from the main track at Jeffersonville to the Indiana Reformatory, and the work is well advanced. It is really a flank movement on the Big Four and the Baltimore & Ohio Southwestern and gives the Pennsylvania company marked advantage in handling the business that this institution creates.

HUNTER'S CHANCES.

Kentucky State Central Committee Appeals to Republicans to Stand by Him. FRANKFORT, Ky., March 27.—It is thought that Hunter's chance is drifting away from him. But for the wonderful fight he is making and the unprecedented backing he evidently has he would already be to the point of withdrawing. Three more of his own party openly announce that they will join the present six Republican bolters on Monday. He has never been able to add any to the three recruits from the enemy he had at the start. Meanwhile he has followers who claim that not even the national administration can turn them from him to another nominee, and for this reason the Blackburn minority begins to hope for the thing they desire, most of all, viz: no election, and to that extent the chance for the Bradley coalition to go through is suffering. It is plain that but one remote possibility can now force any election at all. The state is suffering deeply for financial and other legislation. No legislation can be effected until the senatorial struggle is settled. The state central committee last night adopted the following resolutions in a final effort to bring and keep the bolters in line: Resolved That this committee appeal to every Republican member of the legislature to support their regular caucus nominee, Hon. Geoffrey Hunter, for United States senator.

Disloyalty at this critical moment of the nation, to our party deserves the severest condemnation and in the name of the 218,000 loyal Republicans of this state, we appeal to the Republican newspapers as well as to every Republican member of the general assembly to support Dr. Hunter.

HIGH PROTECTIVE TARIFF.

Canada Said to Have Suffered From One For Years.

OTTAWA, March 27.—In the house of commons yesterday the address in reply to the speech from the throne was taken up. The address was moved by Mr. Russell, liberal of Halifax. Referring to the tariff, he said that for many years Canada had been suffering from a high protective tariff, which fostered all kinds of trusts and combines. The country needed a change and a return to tariff for revenue only was absolutely necessary and would be approved by the people.

The change, however, would have to be gradual, otherwise the industry of the country would suffer. The United States, Mr. Russell said, framed its tariff to suit its own purposes, and Canada would do the same, not necessarily in a spirit of retaliation, but with a view of doing what was best for the Dominion. The address was seconded by Mr. Ethier, Liberal French Canadian.

MISS REJOIN THE OLD K. of L. PITTSBURGH, March 27.—John W. Hayes, general secretary-treasurer of the Knights of Labor, came to the city last night and as a result of his visit expects to have old K. of L. No. 3 representing about 12,000 members, rejoin the K. of L. Two years ago D. A. No. 3 seceded from the regular K. of L. and joined the independent K. of L. The new move was not successful.

NEWS IN BRIEF.

Ex Senator Dubois' silver friends gave a dinner in his honor in Washington last night.

Navigation was opened on Lake Ontario today. The Welland canal will open April 19.

The greater New York charter bill passed the lower house yesterday by a vote of 117 to 28.

Arkansas state board of trade has called mass meeting in every county in the state for the purpose of raising funds for the flood sufferers.

In anticipation of the increase in the American tariff Canadian distillers are shipping large quantities of whiskey into the United States.

80 and 50 acre farms. Good sand land, one mile from city.
J. A. WEAVER.

CASTORIA

For Infants and Children

The fact is, Castoria is the best medicine for infants and children.

FAKE MAPLE SYRUP.

Several "Factories" are in Full Blast in Indianapolis.

The attention of the Indianapolis city sanitarian has been called to "fake" imitations of maple molasses that are being sold on the market in some stores. The fraud is one that is worked every year during the season of maple molasses and buckwheat cakes. A little maple sugar is used in making the imitation, and the peculiar flavor is given to it by the use of hickory bark. It is said that only a small proportion of the so-called syrup retailed in the market is the genuine article. It is said that there are several of the "factories" now operating in Indianapolis. In some cases the imitation is so perfect that it is very difficult to detect it.

CHURCH NOTES.

Presiding Elder Jacob Rothweiler, of New Albany, came here yesterday to conduct quarterly meeting at the German M. E. church.

Elder G. M. Shutts, of Ewing, went this morning to Charlottesville to preach Sunday. The congregation of the Christian church of Ewing held a meeting last night and voted unanimously to employ Elder Shutts as pastor of the church there for the ensuing year. He will enter on the work Sunday, April 4, 1897.

POLITICAL BREVITIES.

A. A. Young has been recommended for surveyor of customs at Indianapolis by Congressman Overstreet.

Dr. Geo. F. Elenhart has been re-elected superintendent of the Central insane hospital.

The Governor has appointed Dr. Henry Jameson, of Indianapolis, and Dr. E. O. Loughlin, of Orleans, to the vacancies on the state board of health.

In the Kentucky legislature yesterday Dr. Hunter failed by two votes being chosen United States Senator.

RAILROAD RUMBLINGS.

W. B. Gibson, of the E. & T. H., was in the city today.

C. W. Ramsey, of the "Q" route, was in the city this morning.

W. H. Hunter, of the B & O Line, was in the city last evening.

John H. Lyland, of the W. U. Telegraph, was in the city Friday on special business.

Brakeman William Childers is recovering from his injury and he went out on through freight Friday.

Seventy-two percent of the shopmen on the Pennsylvania lines west are now members of the Voluntary Relief Association.

Under the proposed refunding scheme of the Baltimore & Ohio Southern western the company will save \$200,000 a year in interest.

H. H. Guilford, traveling freight agent of the Continental Line, came here Friday on business with H. B. Giddard, division freight agent of the B. & O.

The adoption of the tonnage system for freight trains on the Baltimore & Ohio Southwestern has resulted in quite a saving in the cost of transportation. General Superintendent Ryan states that locomotives, under this system, are pulling from two to seven more loaded cars per train than ever before.

Advertised Letters.

The following is the list of letters remaining in the postoffice at this place and if not called for within 14 days will be sent to the dead letter office:

LADIES	GENTS
Brooks Mrs Mary	Berkman Geo F
Jones Mrs—	Biggs W D
Klacker Katie	Clester David
Klacker Katie	Davis Mark
Robbins Miss Sarah	Kane Alex.
White Miss Arabella	Orr Lewis
	Seymour G. B.
	Todd Capt A J
	GEO. D. PRICE, P. M.

From Cripple Creek.
After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. Henderson, editor Daily Advertiser. For sale by C. W. Milhouse, druggist.

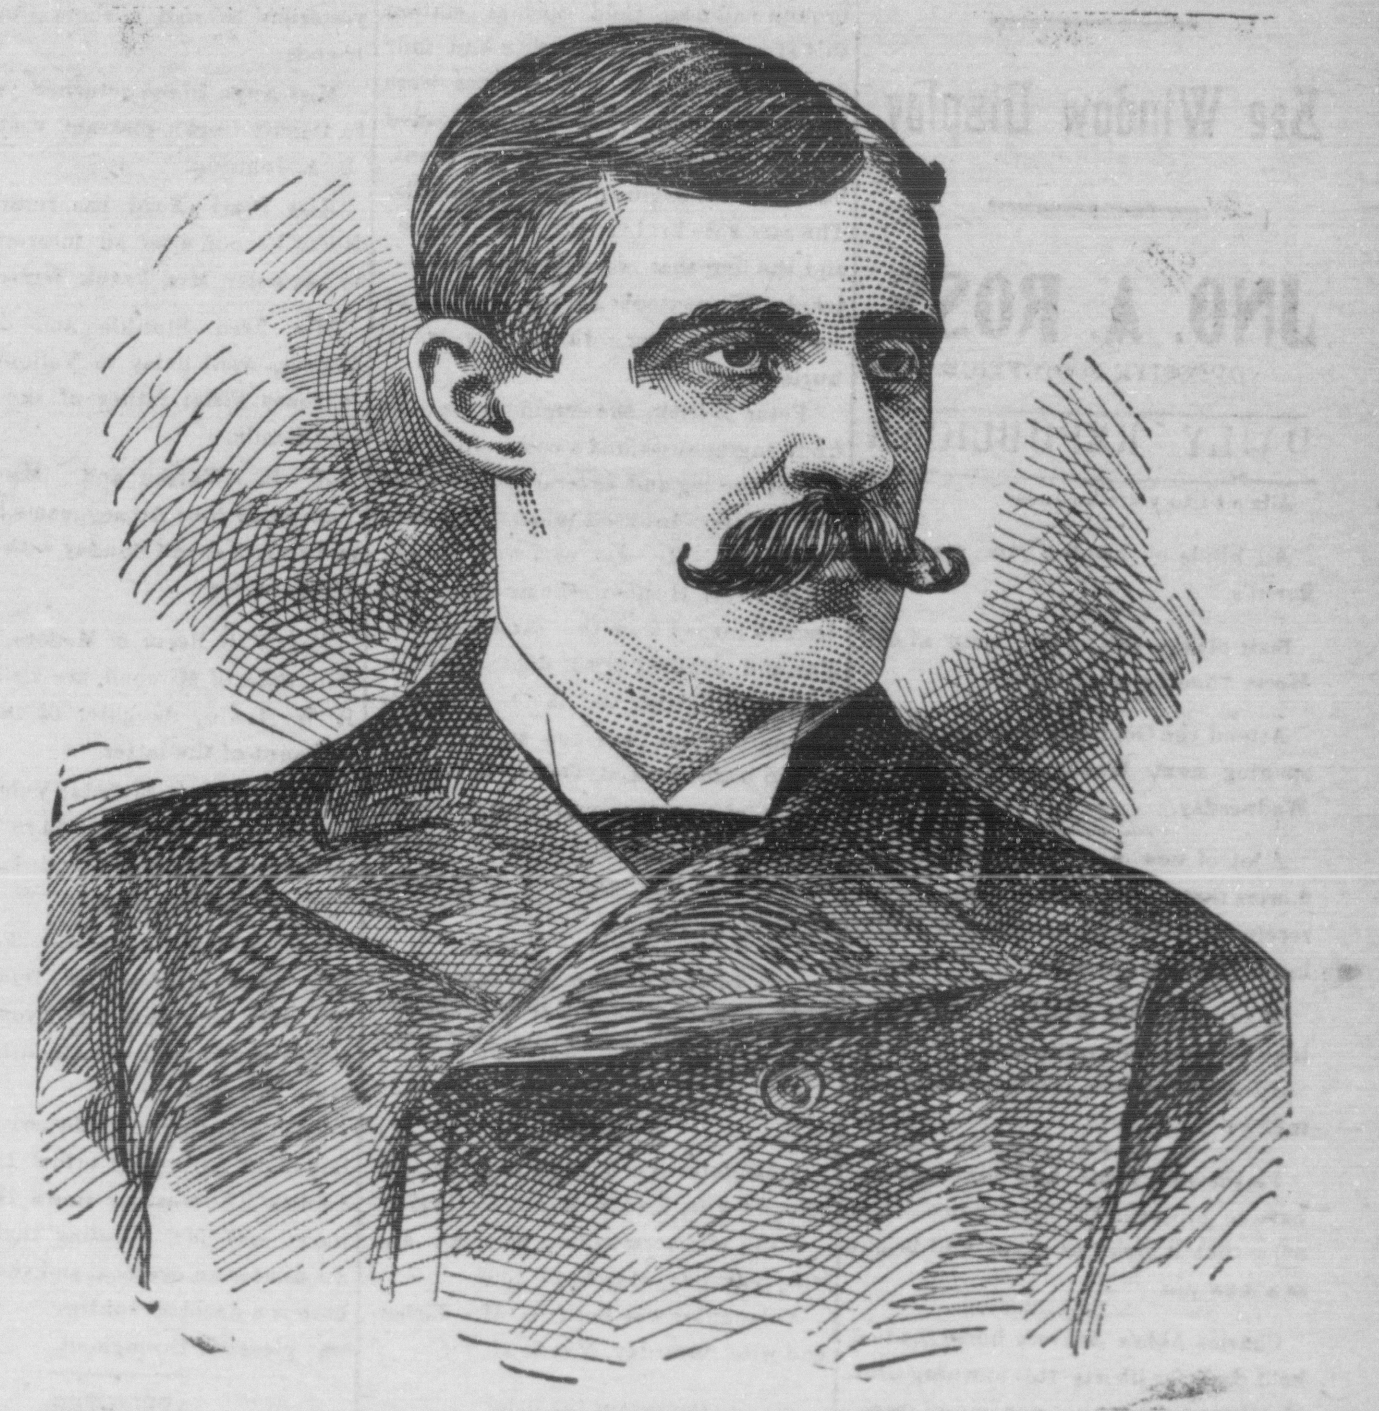

FOR SALE.—Good hard coal base burner. Inquire at this office.

CASTORIA

MAKES THE WEAK STRONG!

The Foremost Athletic Trainer in America Recommends Paine's Celery Compound.

John Graham is the foremost man in American athletics.

It was he who managed the successful team from this country that attracted world wide attention in the recent Olympic games at Athens.

Formerly trainer for Columbia college, then for Princeton and finally for Harvard university, Mr. Graham has much to do with raising the standard of collegiate sports. A small army of gentlemen have been guided by him since he left Harvard and took his present position, superintendent of the famous gymnasium of the Boston athletic association.

Three of his proteges, White, Brewer and McCarthy, have just won the New England championship at the mile, quarter mile and five mile run. He has trained Weeks of Brown university, one of the best college sprinters in the country.

Many another student of what makes men and women strong has used and has recommended Paine's celery compound as the best known remedy for those who are weak and dispirited, the overworked and enfeebled persons who are most concerned in the general awakening of interest in outdoor exercise and indoor attention to the proper rules of health.

It was the ablest professor of medicine and surgery in any college, that giant among men, Prof. Edward E. Phelps

M. D., LL. D., of Dartmouth college, who after years of patient investigation and study, assisted by all that was best in the progress of medical science at home and abroad, first discovered the wonderful formula of Paine's celery compound.

There was no doubt of the interest that would be awakened at once by the announcement of any discovery by Prof. Phelps. The formula from the first was furnished to the best physicians, and forthwith this remarkable Paine's celery compound was personally used and professionally prescribed by them. The result of the closest investigation might have been expected. It soon required a considerable industry to produce the remedy, and rapidly but steadily, without ceasing, the demand for Paine's celery compound has increased, until today there is no other remedy that in comparison begins to hold half the public attention that it holds.

In untold number of cases where every other remedy has been tried and failed, Paine's celery compound has attained the wished for results, making the weak strong, purifying the blood, rebuilding the worn out nervous tissue, curing chronic sickness, proving a never failing and permanent relief for rheumatism, neuralgia, kidney diseases and disorders of the liver, all due to the impairment of the person's nervous system, the consequent impoverishment of the blood and the breaking down in

consequence of some particular organ.

When Mr. Graham, writing Jan. 18, 1897, said: "I have used Paine's celery compound to my benefit, and I have no doubt that any person undergoing great physical and mental strain would find it of great service. For students especially it ought to be of great value."—When so prominent a student of bodily health, who has no equal, unless, perhaps, one mentions Dr. Sargent of Harvard, with whose methods Mr. Graham became well acquainted at Harvard—when Mr. Graham says bluntly that after his experience he believes others would find Paine's celery compound of great service, what man or woman out of perfect health can afford to neglect his well considered and expert advice!

There is no doubt that Paine's celery compound cleans the blood of eczema, salt rheum and such humors, not only in the spring that is so favorable a time, but at any time during the year, so thoroughly that nothing further is ever heard of them.

Paine's celery compound has been tested, tried, scrutinized and heartily approved by so many impartial physicians and men and women whose word in any matter would not be questioned for a moment, that one must be stubborn minded indeed who prefers to mope around half sick instead of verifying these positive, straightforward statements.
